

# A HOME WITHIN

**“Thank you for doing such amazing work. I have had an A Home Within therapist for years now and he has transformed my life. I would not be where I am today without him. I still have weekly sessions. I hope to one day be one of your volunteer therapists so I can give back even more.”**

*—R., A Home Within Client*

## **They need YOU.**

Like everyone else, foster youth need good mental health and a sense of well-being in order to experience joy, live resiliently, and thrive. There simply aren't enough publicly funded mental health professionals to provide the support that can truly make a difference in their lives.

## **Become an A Home Within Volunteer Clinician today!**

Join an extraordinary community of therapists who are committed to ensuring that as young people transition from foster care, they are able to embrace life with resilience.

A Home Within provides a rich and rewarding volunteer experience:

- ♥ **Support** a young person in developing the inner tools they need to thrive.
- ♥ **Learn** with colleagues and experienced clinicians through AHW consultation groups.
- ♥ **Advance** your career through free continuing education credit courses.
- ♥ **Connect** with colleagues both locally and nationwide.

**“I feel very inspired by my experience working with like-minded clinicians at A Home Within. We all share a belief in the importance of the mission of providing long-term psychotherapy to foster youth. It is a wonderful feeling of community and shared purpose and I'm very honored to be involved in this work.”**
